5 REBALANCING (optional)

If no selection is made, rebalancing will not occur unless required. If you select Asset Allocation/Balanced Portfolios, rebalancing can only occur if allocated to more than one strategy.

 Quarterly Semiannually Annually

Start Date: ___/___/___

6 REQUIREMENTS**See the prospectus for details****6A. The following requirements apply to adding CoreIncome Advantage Select (Single or Joint), Protected Investment Benefit (5 or 10 year), and Portfolio Income Protector (Single or Joint):**

- Pacific Life must receive this form in good order within 60 days of contract issue for the optional benefits to be effective on the issue date or 60 days after a contract anniversary to be effective on the anniversary date. If this request is not received within these time frames or the riders are not available for the contract, they will not be added. Protected Investment Benefit (5 or 10 year) and Portfolio Income Protector may only be added within 60 days after contract issue.
- 100% allocation to one or a combination of approved Asset Allocation/Balanced Portfolios is required for selection of an optional rider. Please see prospectus for further information on approved Asset Allocation/Balanced Portfolios.
- Riders will automatically terminate on the day the contract value becomes less than 100% invested in an allowable asset allocation option.
- If the riders terminate on a day other than contract anniversary, the annual charge then in effect for the rider will be calculated on a prorated basis on the termination date and deducted from the contract on the earlier of contract surrender or next quarterly contract anniversary. The annual charge will be waived for the current quarter if the rider terminates as a result of annuitization. If the rider terminates as a result of a death, any charge deducted between the date of death and the Notice Date will be pro-rated as applicable to the date of death and added to the Contract Value on the Notice Date.
- These riders may not be voluntarily terminated by the Owner.

6B. The following additional requirements apply to adding CoreIncome Advantage Select (Single or Joint) and Portfolio Income Protector (Single or Joint):

- A quarterly charge will be assessed on each quarterly contract anniversary for protection received in the prior contract quarter.
- All owners, annuitants, and designated lives must be age 85 or younger, on the rider effective date, to purchase the rider.
- The contract's standard withdrawal provisions are not changed or replaced by adding the rider. Withdrawals will be subject to the same conditions, restrictions, and limitations as other withdrawals under the contract and may impact other contract benefits.
- Cumulative withdrawals of more than the protected payment amount in a given contract year may result in reduced rider benefits, and the amounts initially protected may no longer be guaranteed.
- Any withdrawals taken while the riders are in effect, including withdrawals taken to comply with minimum distribution requirements for tax-qualified plans, will reduce any death benefits per the terms of the death benefit.
- Joint owners are not permitted for the Single Life version of the rider.

6C. The following additional requirements apply to adding CoreIncome Advantage Select (Joint Life) and Portfolio Income Protector (Joint Life):

- Joint owners must be spouses.
- If the contract is owned by a sole owner, the owner's spouse must be designated as the sole primary beneficiary.

6D. The following additional requirements apply to adding CoreIncome Advantage Select (Single or Joint) and Protected Investment Benefit (5 or 10 year):

- A quarterly charge will be assessed on each quarterly rider anniversary.
- For CoreIncome Advantage Select (Single or Joint) only: Charges may change on each contract anniversary to the current declared charge in effect, subject to the terms of each rider. The charge will be updated regardless of whether or not a reset took place.

Annuity Contract Number _____

6 REQUIREMENTS (Continued)**6E. The following additional requirements apply to adding Protected Investment Benefit (5 or 10 year):**

- Owners and Annuitants must be the lesser of 85 years or younger, or ten years from the maximum annuitization age at the time of purchase (five years from maximum annuitization age for Protected Investment Benefit 5 year).
- The entire contract value must be invested in approved Asset Allocation/Balanced Portfolios during the entire term for the additional amount to be added to your contract. Any withdrawals taken while the rider is in effect, including withdrawals taken to comply with minimum distribution requirements for tax-qualified plans, will reduce the benefits of the rider on a pro rata basis. This means the benefit will be reduced by the same percentage as the percentage of contract value withdrawn. Any death benefit will be reduced per the terms of the death benefit.

6F. The following requirements apply to adding Earnings Enhancement Death Benefit:

- Pacific Life must receive this form in good order within 60 days of contract issue for the optional benefits to be effective on the issue date. If this request is not received within this time frame or the rider is not available for the contract, it will not be added.
- Owners and/or Annuitants must be age 75 or younger, on the rider effective date, to purchase the Earnings Enhancement Death Benefit.
- An annual charge will be assessed on each contract anniversary.
- The rider may not be voluntarily terminated by the Owner.
- Any withdrawals taken while this rider is in effect, including withdrawals taken to comply with minimum distribution requirements for tax-qualified plans, will reduce the value of death benefits and may reduce the value of other benefits. Please see your rider for details.
- If the optional benefit terminates on a day other than contract anniversary, the annual charge then in effect for the optional benefit will be calculated on a prorated basis on the termination date and deducted from the contract on the earlier of contract surrender or next contract anniversary. The annual charge will be waived for the current contract year if the optional benefit terminates as a result of annuitization.

6G. The following requirements apply to terminating a rider (Only applicable to riders in Section 3):

- Pacific Life must receive this form in good order within 60 days after a contract anniversary for the rider to terminate on that contract anniversary. If this request is received 61 days or more after the last contract anniversary, the optional benefit will terminate on the day Pacific Life receives the request in good order.
- If the optional benefit terminates on a day other than contract anniversary, the annual charge then in effect for the optional benefit will be calculated on a pro rata basis on the termination date and deducted from the contract on the earlier of contract surrender or next contract anniversary. The annual charge will be waived for the current contract year if the optional benefit terminates as a result of annuitization.
- For GPA 3 Select, if the optional benefit terminates more than 60 days after a contract anniversary, the GPA 3 Select rider will terminate on that Quarterly Rider Anniversary. A prorated amount will be deducted on a quarterly rider anniversary.
- All benefits of the rider will be forfeited upon termination.
- All other provisions of the contract remain in force.

6H. The following requirements apply to selecting Asset Allocation/Balanced Portfolios (not applicable to Earnings Enhancement Death Benefit):

- 100% allocation to one or a combination of these portfolios is approved for selection of an optional rider. Please see prospectus for further information on approved Asset Allocation/Balanced Portfolios.
- Your initial purchase payment (or contract value for existing contracts) will be allocated based on your selections in Section 4, unless you have an active DCA program in place. Any subsequent purchase payments, if allowed by your contract, will be allocated per the percentages provided, unless you instruct otherwise in a form acceptable to Pacific Life.
- You may transfer out of Asset Allocation/Balanced Portfolios at any time, subject to current trade restrictions; however, if you have purchased a rider, the rider will terminate unless you invest in another allowable asset allocation option.
- Pacific Life reserves the right to change approved investment options and/or investment parameters.

7 ACKNOWLEDGEMENT AND SIGNATURE(S)

If adding a rider, I acknowledge that:

- (a) Pacific Life reserves the right to not allow CoreIncome Advantage Select (Single or Joint) to be purchased on any contract anniversary in the future.
- (b) Withdrawals and other distributions of taxable amounts will be subject to ordinary income tax, and if taken prior to age 59½, a 10% federal tax penalty may apply.
- (c) If adding CoreIncome Advantage Select (Single or Joint) or Portfolio Income Protector (Single or Joint), I agree to the requirements in Section 6A, 6B, 6C, and 6D.
- (d) If adding Protected Investment Benefit (5 or 10 year), I agree to the requirements in Sections 6A, 6D, 6E.
- (e) If adding Earnings Enhancement Death Benefit, I agree to the requirements in Section 6F.
- (f) Any existing purchase payment limitations under the contract and/or existing riders are not changed or replaced by adding a new rider.
- (g) If adding Portfolio Income Protector (Single or Joint), I understand that allowable withdrawals for advisory fees are limited to 1.50% of the account value for the calendar year. These will not be considered a withdrawal under the rider and will not: stop the annual credit, reduce the protected payment base or be treated as the first withdrawal for purposes of determining the protected payment amount.

If terminating a rider, I acknowledge that:

- (a) I agree to the requirements in Section 6G

If selecting Asset Allocation/Balanced Portfolios, I acknowledge that:

- (a) I agree to the requirements in Section 6H.

I have received and read the applicable prospectus describing Asset Allocation/Balanced Portfolios and the optional riders, including their benefits and risks, and if applicable, the rate sheet supplement.

I understand and agree that if I provide this form to Pacific Life by email, it shall be as valid as the original.
